Memorials

Helen M. DelSolar

She was an RPA member 1962-1991, who made programs entertaining and arranged hospitality for our meetings and ROPEX shows. We will miss her refreshments and friendly comments.

Frank P. Herzick

A longtime club member, was responsible for installing the insurance program for both ROPEX and RPA since the late 60's. He did a lot behind the scenes for bettering the club. Frank collected Canada.

Dr. George B. Joel

Many of us remember him as the "greeter" at many ROPEX shows. Many of us "older" members knew "Doc" as the accumulator who had covered 4 walls of a room with shelves full of albums. Besides a stamp collector he was a well known amateur magician. He had a dental practice for over 60 years.

Warren C. Stevens

Life member and past president of the RPA. He specialized in Guatemala and was noted for his photography of stamps. Employed by the George Eastman House and at Kodak. He was noted for his slide shows and stamp quizzes.
