### RPA Meeting Site Move Confirmed

It's now confirmed—we are definitely moving our permanent meeting site to the Brighton Reformed Church, 805 Blossom Road. We will be in one of the downstairs meeting rooms with our club library stored nearby.

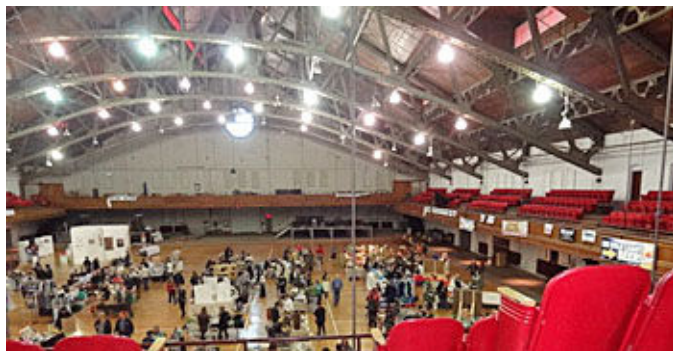

### ROPEX Also Moves

Two weeks before Thanksgiving we heard some rather disruptive news. The Sports Center called to say that their main ice rink (i.e. our ROPEX venue) would remain with ice throughout 2013 as they renovated two of the other three rinks in the building.

Several members of the ROPEX Committee then began the work to find an alternate site large enough to stage our giant combined ROPEX/NTSS 2013 show and within the budget of both the RPA and American Topical Association. Two sites were eventually considered, one of them the Roberts Wesleyan College gym about a 30 minute drive away.

In the end the best solution was the Main Street Armory at 900 East Main Street in the city. The massive castle-like fortress was originally the headquarters for western New York's 3rd Army Battalion in 1905. In the process of being fully renovated, it now offers a 40,000 square foot hardwood main floor with Wi-Fi Internet access, several meeting rooms and a soon to open restaurant, all on the first floor alone. The facility is handicap accessible by using a ramp in the rear of the building. Free parking is available in a lot across the street.

As Rick Kase put it, "It's about 90% of what we wanted." Of course, nothing is perfect. We will need extra RPA member help with setup of the

exhibit frames, tables and chairs, and electrical plugs and extensions. Dealers won't be able to drive on the floor up to their tables, so they can also use help moving in and out.

Overall, the Armory will offer its challenges, but none are insurmountable and the show will go on! Special thanks to Phil Minaric, Dave Robinson, Bob Kingston and Bob Lighthouse for their assistance in making this change a reality.

In Other ROPEX News...

Stamp Camp is definitely coming to ROPEX with a series of three seminars for youngsters interested in learning about our hobby. RPA members are invited to register kids ages 8-15 to attend these free workshops. Openings are available two of the days, Saturday, May 18 from 10-4 and Sunday 10-2:30.

Submit participant names to any RPA officer. Acceptances are on a first-come basis, with each course limited to 20 kids.

By the way, the Design-A-Stamp competition is open to anyone in grades 3-12. For an entry form and rules, see our ROPEX web site.
