

SCC AWARD MEDALS (from: http://www.scc-online.org/member_award.html)

These awards are presented to recognize outstanding exhibits of Scandinavian Philately, and to act as an incentive to encourage the collecting, study and display of same. While primarily designed to be awarded at the annual SCC Convention, medals may be given at other APS-WSP Shows under certain conditions noted below. Membership in SCC is not required to be eligible for these awards and the following regulations govern the receipt of an SCC Medal.

The description and criteria for presentation of these award medals was revised by vote of the SCC board of directors at the annual meeting held 2 October 2004, at the Philadelphia National Stamp Exhibition.

1. The exhibit must be multi-frame and contain 90% Scandinavian material. The remaining items must relate directly to the subject matter presented.
2. SCC Medal Awards should not replace show awards but should be given in addition to them, and should be presented at the time other Host Show awards are given.
3. Judges have full discretion in making awards, using their own standards. If no exhibits are judged worthy of one or more of these awards, then the award will not be given out. At the SCC National Convention, the SCC may request at least one guest Scandinavian Country judge (selected and funded by SCC) be on the panel.
4. There will be three SCC Medal Awards available for presentation by the Host Show:
 - a. The Jed Richter Award for *classic* format exhibit.
 - b. The Paul Jensen Award for *postal history* format exhibit.
 - c. The Victor Engstrom Award for exhibit *research*.

These guidelines pertain to any World Series of Philately (WSP) Show in the USA or Canada sanctioned by the APS or similar organization. Show Committees knowing that Scandinavian exhibits in the above numbers have been entered in their show should contact the SCC in advance of the Awards ceremony to apply for the appropriate number of medals. The engraving of SCC Medal Awards is the responsibility of the recipient or the Show Committee.
